

It makes me feel like I can do anything and try my best—Yiannis

Always go for gold and achieve new things - Evan

Yes - you will believe in yourself and try your best - Anna Maria

Yes - It helps you be persistent in your learning - Yiannis

Has Growth Mindset changed the way you think about your work? How?

Do you think having a Growth Mindset will help you to get better at things?

Year 5

When I find something difficult – it makes me feel good when I do something challenging and gives it my best shot- Ayra

It means you won't be scared to fail and retry something – where as a fixed mindset can make you afraid to take risks in learning and in life - Ella

It helps me have self belief and pride - Mina

I use resources, working walls and my books can also help - Anna Maria

Try and be resilient and use a range of strategies - Ella

I want to be a Dr so I will need to have a growth mindset to over come all of the challenges along the way - Mina

What do you do now if you are stuck with your work?

What else do you think Growth Mindset will help you with during your life?

I try to think back and use what I have learnt previously about that subject and make links - Mina

Try to link the problem to something I already know - Arya

There are lots of hurdles in life that you might find difficult and if you have a growth mindset, you would be able to over come and feel good about yourself—Ayra
